

M RITHEESH

Puttur, Andhra Pradesh, India | +91 7022318141 | ritishreddy3@gmail.com | [linkedin.com/in/RitheeshMuplam](https://www.linkedin.com/in/RitheeshMuplam)

PROFESSIONAL SUMMARY

Full Stack Developer with hands-on project experience building scalable, secure web applications using Java, Spring Boot, React.js, Node.js, and MySQL. Skilled in designing RESTful APIs, implementing JWT-based authentication and authorization, and developing responsive, user-friendly interfaces. Familiar with Agile practices, Git/GitHub version control, and the full Software Development Life Cycle (SDLC). Seeking a Software Engineer / Full Stack Developer role to apply strong problem-solving skills and project experience to deliver measurable business impact.

TECHNICAL SKILLS

Languages: Java, JavaScript, TypeScript, Python, C, SAP ABAP

Web Technologies: HTML, CSS, React.js, Node.js, REST API, Responsive Design

Frameworks & Libraries: Spring Boot, Spring Security, Spring Data JPA, Flask

Databases: MySQL, SAP HANA DB

CS Fundamentals: Data Structures, Algorithms, Object-Oriented Programming (OOP), DBMS

Tools & Platforms: Git, GitHub, Postman, Thunder Client, Maven, Vite, VS Code

Practices: Agile, SDLC, CRUD Operations, API Integration, Authentication & Authorization (JWT)

PROJECTS

SmarHire AI – AI-Powered Job Portal | *Java, Spring Boot, Spring Security, React.js, MySQL, JWT, REST API*

- Engineered a full-stack, role-based job portal using **Java, Spring Boot, and React.js**, connecting job seekers and recruiters through job posting, application tracking, and applicant management modules.
- Implemented **JWT-based authentication and Spring Security authorization** to enforce role-based access control, strengthening platform security for both candidate and recruiter accounts.
- Designed and integrated RESTful APIs to automate recruitment workflows end-to-end, reducing manual coordination between recruiters and applicants.
- Built a responsive, mobile-friendly UI with React.js and Tailwind CSS, and managed version control across iterative development cycles using Git and GitHub.

Student Management System | *Java, Spring Boot, Spring Data JPA, MySQL, REST API, Postman*

- Developed a RESTful backend with **Java, Spring Boot, and MySQL** to perform full CRUD operations on student records, streamlining data management for academic staff.
- Architected a layered Controller–Service–Repository design integrated with Spring Data JPA, improving code modularity, maintainability, and database query efficiency.
- Built and validated REST API endpoints in Postman, ensuring reliable client–server communication and consistent data integrity across CRUD operations.
- Managed build lifecycle and dependencies with Maven, and version-controlled the full codebase via Git and GitHub.

Hybrid Deep Learning Model for Fake News Detection | *Python, XLNet, FastText, CNN, Flask, NumPy, Pandas*

- Designed a hybrid deep learning architecture integrating **XLNet, FastText, and CNN** in Python to classify news authenticity with improved accuracy and reduced misclassification versus single-model baselines.
- Built and deployed a Flask web application for real-time fake news detection, hosting the model on Render for public accessibility.
- Performed data preprocessing and feature engineering with NumPy and Pandas to improve model robustness on digital media text data.
- Delivered an interpretable, scalable solution for misinformation detection, demonstrating applied machine learning and full-stack deployment skills.

EDUCATION

Siddhartha Institute of Science and Technology

Bachelor of Technology, Computer Science and Engineering | CGPA: 9.53/10

Puttur, AP

April 2026

Narayana Junior College

Intermediate (MPC) | Percentage: 96.6%

Tirupati, AP

2022

CERTIFICATIONS

- Oracle Cloud Infrastructure (OCI) Certified Generative AI Professional – Oracle
- Full Stack Development (MERN Stack) – Smart Bridge Educational Services
- Software Engineer Intern Certification – Hacker Rank
- SQL and Java (Basic) Certification – Hacker Rank

ACHIEVEMENTS

- Solved 250+ Data Structures and Algorithms problems across LeetCode and GeeksforGeeks
- Earned a 5-star rating in Java on HackerRank
- 1st Prize, KBCP Competition – Mahila University (SPMVV), Tirupati
- 1st Prize, Technical Quiz – SISTK, Puttur
